

DATA THAT NEVER LEAVES YOUR SIGHT

Endurance is key. Fine-tuned specifically for surveillance cameras, WD Purple™ microSD™ cards allow for continuous capture—even if the network goes down.

TECHNOLOGY THAT STAYS AHEAD

Keep an eye on the present with the future in mind. WD Purple™ microSD cards feature exceptional endurance to ensure continuous recording.

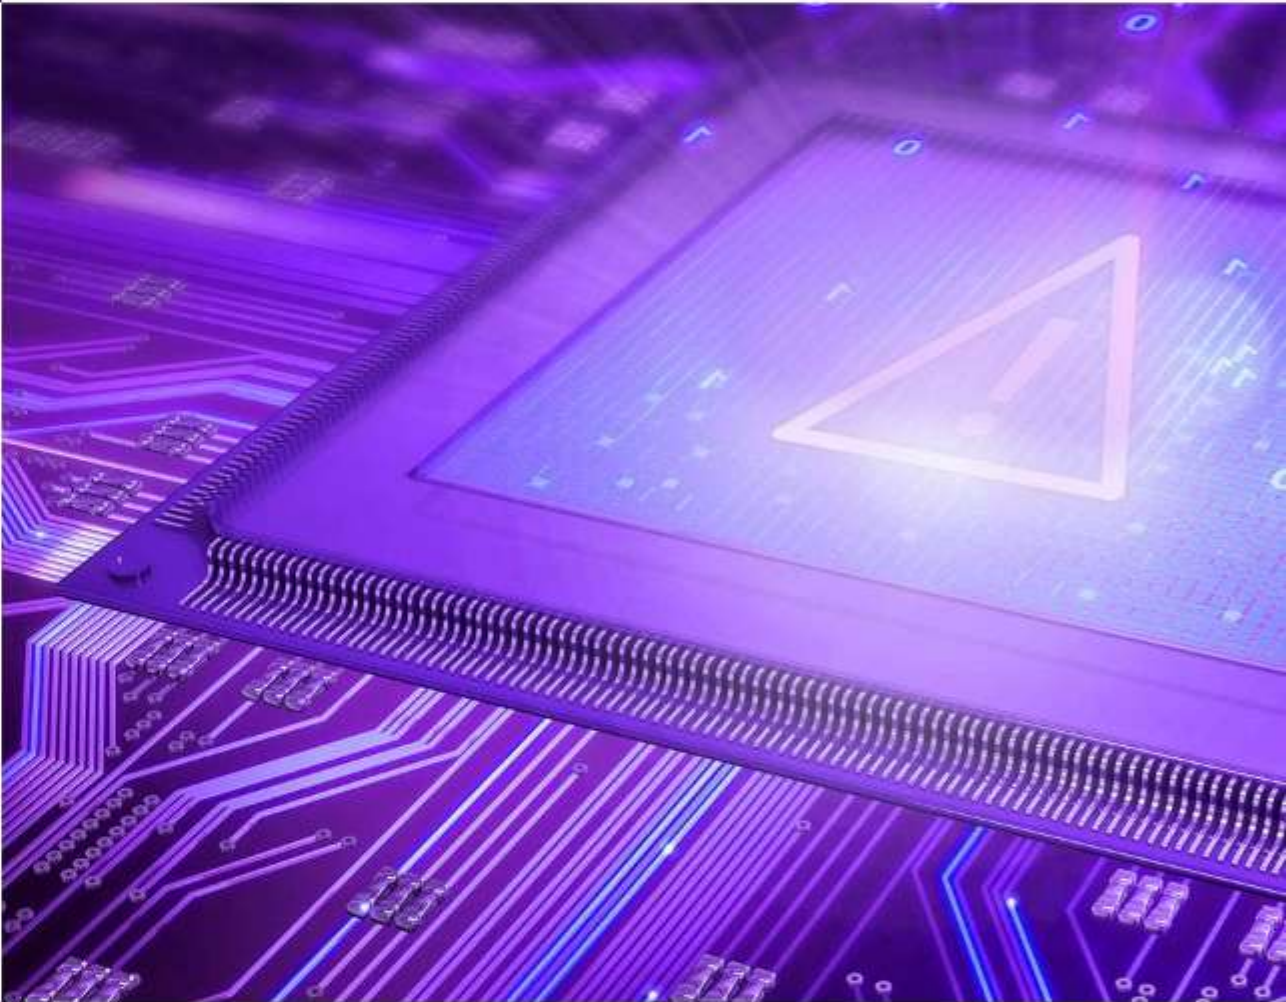

WEATHER RESISTANT

Record through it all. Humidity-resistant WD Purple™ microSD cards endure temperatures from -25°C to 85°C to help capture uninterrupted surveillance footage through extreme weather conditions and climates.

MAINTENANCE ON YOUR TERMS

In compatible cameras, card health monitoring capability allows you to get notified when it's time to service your WD Purple microSD, so you can perform preemptive storage management.

CAPACITY AS HIGH AS ITS PERFORMANCE

WD Purple™ microSD cards range from 32GB to 256GB for both motion-triggered and continuous recording, as well as a variety of camera, resolution, and recording implementations. Whether you need to record for hours or days, network issues will never interrupt your footage.

TECHNICAL SPECIFICATIONS

Form Factor

microSDHC™
microSDXC™

Interface

SDA 6.0

Sequential Read Performance

Up to 100 MB/s

Sequential Write Performance

Up to 60 MB/s

Operating Temp

-25°C to 85°C

Warranty

2 years
